THE PROCESS OF SELF-EVALUATION
BEGINS WITH
WHERE WE ARE

OUR WEALTH,

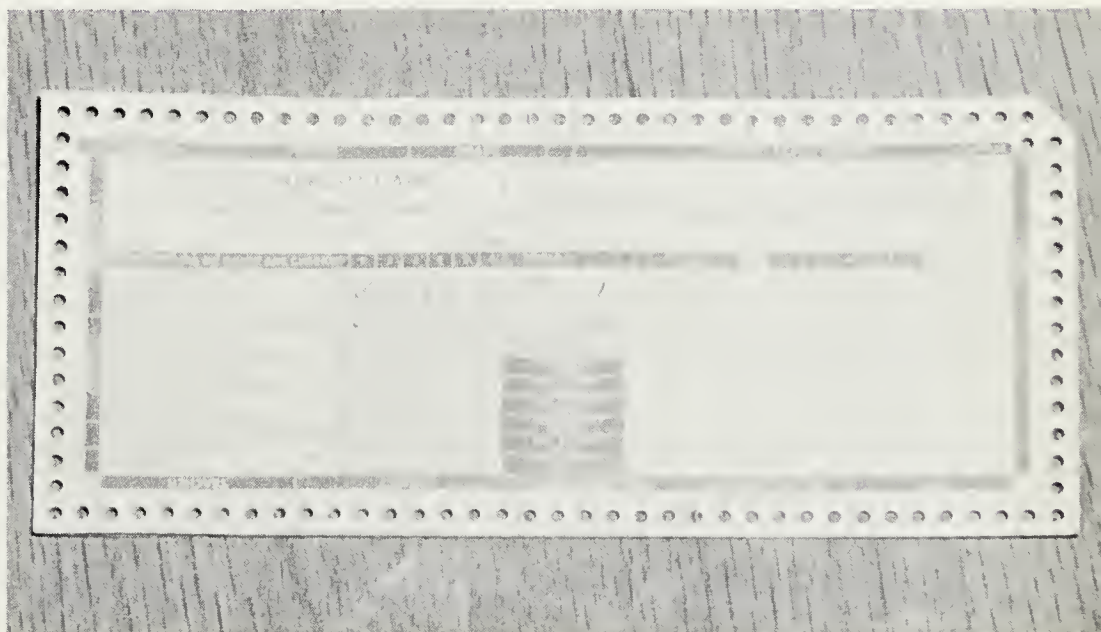

The wealth of a nation depends upon three things -- natural resources, natural ability of its people and the acquired ability of its people. Of these the only one that can be changed is the acquired ability of the citizens. Through education we increase the wealth of our nation.

ACHIEVEMENTS,

AND FAILURES

Failure need not be permanent. We can learn from our mistakes and profit by them. All great men have learned this lesson.

FOREWORD

Mrs. Barita Wills, retired teacher of Gladstone, Virginia, is the author of the following resume of educational progress in Nelson County.

Progress is the keynote of our lives today, and in no area is this more apparent than in the field of education. Many of us can recall our grandparents' description of the little one-room log schoolhouses with their long homemade benches, a water bucket and dipper in the corner, and a stern teacher standing in the center of the floor with a frown on his face and a switch in his hand.

These were the "old field" schools, so called because they were often built in a field that had been worked down and abandoned for crops. The teachers taught the "three R's" and a little history, geography, and formal grammar for a term of five months at a monthly salary of \$15.00.

Later on came the "Little Red Schoolhouse" a painted framed structure with patent desks, blackboards and chalk available. Two and three room schools came next. Terms were lengthened to six or even seven months, teachers' salaries were raised to a maximum of \$30.00 a month and requirements for certificates became slightly more rigid.

Consolidated schools followed with horsedrawn wagons to transport the children.

As the process of evolution went on, the buildings were improved, buses replaced the wagons, facilities and equipment became more adequate and the curriculum was enriched. Salaries were raised, more highly trained teachers were demanded.

Today as we look at our fine elementary schools and our modern central high school with its lunchroom, library, auditorium, its rest rooms and gymnasium, its well-equipped classrooms, its staff of highly trained teachers and workers, we may cast a backward glance at the "old field school" of our forefathers, and say "Verily, tall oaks from little acorns grow".

The Gladstone Elementary School, though no longer in operation, is lovingly kept up by the citizens of the Gladstone community.

ADMINISTRATION

This picture of Mr. Harville, Mrs. Rutherford, and Mr. Carter represents the cooperation between administration and faculty.

"In a free society, public education must be examined and evaluated and its accomplishments weighed against the (constantly) changing needs of the citizens whom it serves."

This statement by Dr. Woodrow W. Wilkerson, Superintendent of Public Instruction in Virginia, challenges all of us here at Nelson County High School to strive for excellence and flexibility.

Though it is extremely difficult to evaluate anything as complex as a high school, we are continually directing and strengthening our program of education. Accomplishments, though, must be tempered with the knowledge that there is much that is yet to be done. Building needs, instructional and curricula needs must all be met effectively and promptly, yet with sufficient time to allow for intelligent study as to their value.

In a quality program of education, constant study and improvement to meet changing conditions are of vital importance.

This we pledge to you.

FACULTY

BOARD OF SUPERVISORS

Through the far-sighted efforts of this Board of Supervisors the school system in Nelson County has been improved to the point where we can take as much pride in our schools as any community in Virginia.

The new addition at NCHS, due to be built this year, is also an expression of their interest in the young people of Nelson County.

Mr. J. E. Bailey, Mr. O. P. Carter, Mr. B. C. Small, and Mr. Aubrey Roberts.

SUPERINTENDENT

Mr. J.B.M. Carter

Mr. J.B.M. Carter has served the people of Nelson County faithfully since 1954 as Superintendent of Schools. He was formerly superintendent of schools in Powhatan and prior to that served as principal of Fluvanna High School. He is the immediate past president of the Virginia Association of School Administrators.

BOARD OF EDUCATION

Due to the initiative and sound leadership of the Nelson County School Board, educational policies have been formulated and instituted in Nelson County that have resulted in a vastly expanded physical plant and enriched curricula.

Mrs. John Seaman, Mr. Orville Karicofe, Mr. J. G. Heath, and Mr. Addison Payne.

GENERAL SUPERVISOR

Mrs. McGuffin serves Nelson County in the capacity of General Supervisor. She travels from one end of the county to the other, helping, encouraging, and cajoling the best out of teacher and student. Every teacher knows that, whatever her problem, she will find a sympathetic listener and able counselor in Mrs. McGuffin.

VISITING TEACHER

Mr. Richard Moon

Mr. Moon assumes the responsibility of ordering and selling textbooks in the County. He returns reluctant learners, would-be hunters, and fishermen to school. Myriad other jobs also fall to his lot. Beneath his smiling face and jaunty air lurks a real concern for the children of Nelson County.

SECRETARY OF SCHOOL BOARD

Mrs. June Harris

Much of the credit for the smooth operation of the county's educational system goes to Mrs. Harris. She is the "lady behind the scenes" who takes care of reports, payrolls, and other important matters.

MR. J. W. HARVILLE

ASSISTANT PRINCIPAL

MR. C.M. PRICE

Mr. C. M. Price has ably performed the job of assistant principal this year.

The first teachers to arrive at the school find his battered Plymouth already there and the last to leave in the evening see it still there.

Students with all kinds of troubles find their way to his office -- the gum-chewers, the fractious, and the sick. All come away helped one way or other.

PRINCIPAL

Mr. J. W. Harville

Mr. Harville serves Nelson County in the dual capacity of Principal of NCHS and Assistant Superintendent of Schools.

Keenly interested in all phases of education, he has been responsible for many innovations in equipment and procedure at NCHS.

His knowledge of and interest in individual students is remarkable. He is a man of whom it can be truly said, "His heart is in his work".

GUIDANCE

Mrs. Catherine Whitehead

Mrs. Lillian Coleman

Mrs. Coleman and Mrs. Whitehead serve as directors of guidance. They give various tests to determine the special abilities of the students at NCHS, and put in countless hours planning schedules. Juniors and Seniors beat a path to their door for guidance and counselling about future careers, colleges, and further training. The Guidance Committee meets once a month to aid the directors in policymaking.

SERVICES

Faculty members Mr. Clarke, Mr. Moxley, and Mr. Cox selling tickets at a ball game.

To an outside observer our school surely appears to be a smoothly running, effective organization--and it is. Nevertheless, the outside observer might easily fail to notice the immense effort and the amount of time given by faculty, students, cafeteria staff, maintenance crews, and our bus shop to maintain our school.

Faculty members spend far more time at school than their contract demands. Look around and you will find them taking up tickets at games, parking cars, chaperoning dances and band trips, acting as hosts and hostesses on College Night, planning departmental work, and sponsoring clubs. Somewhere, somehow, they also find time to plan their classes and grade papers.

Students cheerfully give up study halls to work in the office, assist in monitoring study halls, assist physical education classes, work on the annual, sell tickets, make decorations for dances, act as safety patrol on busses, fight forest fires, and serve their school in countless other ways.

We would like to say a special thank you to all the people, often unseen and unsung, who contribute their talents toward making our school a better place in which to live and learn.

ABSENT:

Grady Duncan

The students pictured above serve as regular bus drivers. Other students sometimes assist. Last year the busses in Nelson County drove a total of 534,562 miles at a cost of \$105,862.00.

The Safety Patrol is charged with keeping order on busses, flagging the busses across railroad crossings, and flagging down traffic for the loading and unloading of students.

SAFETY PATROL

LEFT TO RIGHT: A. Phillips, L. Scruggs, R. Banton, L. Payne, E. McFadden, C. Truslow, J. Mayo, B. Craig, C. Ferguson, R. Walker, F. Drumheller, D. Stevens. SECOND ROW: F. Allen, S. Anderson, R. Campbell, R. Whitehead, W. Carter, M. Stratton, S. Davis, W. Hughes, M. Lyon, J. Seaman, P. Stevens, F. Wood, A. Huffman, B. Campbell, J. Zirkle, M. Goolsby, M. Ashley, J. Bryant, D. Turner, J. Tinder, J. Martin, L. Brandt, B. Drumheller, C. Mawyer, B. Campbell, J. Miller.

CAFETERIA STAFF

Mrs. Rebecca Harvey, assisted by her staff, has the responsibility of planning and serving the nutritious, well-balanced meals that approximately 304 children enjoy each day in our cafeteria.

MANAGER

CUSTODIANS

Mildred Foster

Harry Foster and Preston Foster

Our clean, neat school, so well kept after nine years of operation, is largely due to the work of these courteous, efficient custodians.

Ready to begin the day's work are Preston, Mildred and Harry.

HEAD OF MAINTENANCE

Mr. Murril Morris is our man when it comes to repairs and upkeep at NCHS and indeed in most schools in the county. He has been with the Nelson County School System since 1948. There were 33 schools then compared to 10 at present.

In the furnace room he is an electronic technician. When the water supply fails, he is a plumber. Truly we salute Mr. Morris as a jack-of-all-trades.

Mr. Murril Morris

KEEP VIRGINIA GREEN CLUB

This group of boys are trained to fight forest fires and are subject to call at any time. The boys have to be 15 years of age with permission from parents to participate in the program. The boys are paid 50¢ per hour while on the job.

Buddy Craig, Wayne Simpson, Gary Mawyer, and Dean Irvine assist the coaches in Physical Education classes.

Wayne Simpson acts as leader in giving exercises.

STUDENT

Charles Goodwin, Lynn Payne, and Jimmy Rourke prepare to sell drinks at the ballgames.

Phyllis Pendleton, Linda Cook, and Joan Demastus find that shelving books is a never-ending job when they work in the library.

A daily task in the library is straightening up the magazine and newspaper racks. Library assistants, Vicky Harvey, Brenda Phillips, and Margaret Campbell learn that this has to be done each period, as students never seem to put periodicals back in the right place.

ASSISTANTS

Elaine Miller, Shelvia Allen, Margaret Campbell, Maxine Ferguson, Linda McNabb, and Carolyn Quick help Mrs. White with routine office work as a part of their office practice class.

Patricia White, Linda Napier and David Bond learn how to operate the duplicating machine.

CLASSES

The National Honor Society represents the highest academic achievements.

This year has been a period of transition in Nelson County High School. The Class of 1964 is the last to graduate under the eleven year system and the Class of 1965 will be the first class in Nelson County High School to complete the new twelve year program.

Many changes in procedure and curriculum have been made in the last two years. We have viewed new registration and report cards with misgiving. New math and new science classes filled us with alarm at the beginning of the year. When our coaches began to talk about isometric exercises, we vaguely wondered if we had mistakenly enrolled in a space academy. However, we survived and are now veterans. We look forward with confidence that we can master the future.

HONORS

The scholar is no longer regarded with suspicion by the pupils and we are justifiably proud of the accomplishments of the students at Nelson County High School. It is not easy to make the honor rolls, maintain academic excellence, or achieve the muscular coordination and skill of the outstanding athlete. Time and effort are required to develop the trained eye and knowledge necessary to judge livestock, soil, and forestry. We salute those students who have been measured, weighed in the balance, and have not been found wanting.

“A” HONOR ROLL FOR ALL CLASSES

It is indeed an honor to make either the A or B Honor Roll at Nelson County High School.

To make the A Honor Roll a student must have no grade less than A in any subject.

In order to make the B Honor Roll a student must have no grade lower than a B in any subject except physical education in which a C is permissible.

OUTSTANDING STUDENTS

In an effort to recognize academic achievement the annual staff asked each department to submit lists of outstanding students. We have tried to avoid duplication as much as possible. Some departments considered all classes and others selected students only from their advanced classes. Nevertheless, we salute the quality of work achieved by these eager, alert students.

SPORTS AWARDS

FOOTBALL

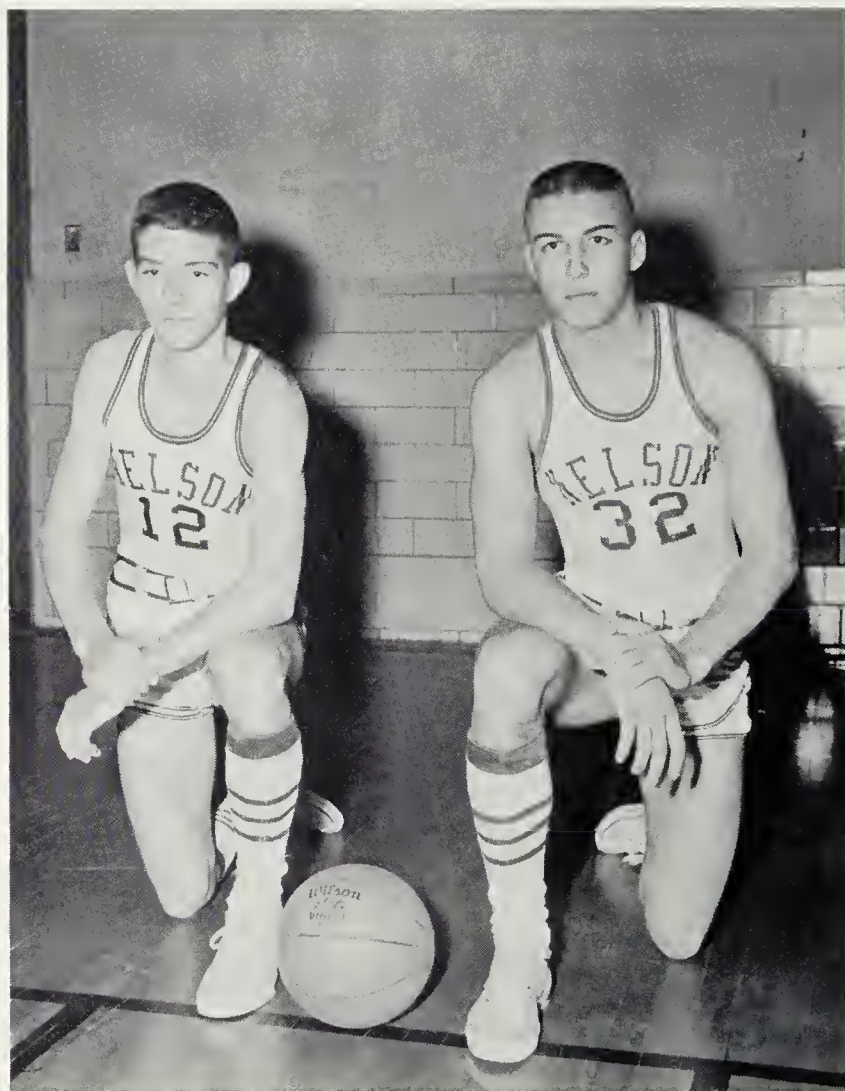

Each year the coaches and members of the football teams in the district are asked to vote for the outstanding players for the year. We are pleased to know that some of our NCHS boys have been listed for their efforts during the season. These boys are pictured at the left. Their names and positions for which they are recognized are as follows:

Kenneth Purvis-First Team-Halfback
 Donald Giannini-First Team-Center
 Donald Napier-Second Team-Fullback
 Gary Wade-Second Team-Guard
 Carroll Martin-Second Team-Tackle
 Wendell Dodd-Honorable Mention-End
 Mike Davis--Honorable Mention-End

These boys are being recognized for their contribution to the team both in their ability to score and on rebounds. Their aggressiveness during the games labels them as team leaders.

FFA JUDGING TEAMS

FARM MECHANICS

This team must be able to identify tools and materials and to judge wood construction and welding projects.

FORESTRY

This group must be able to identify trees, estimate board feet in standing trees and judge the number of cords of pulp wood. They study woodland management.

SOILS

These boys must be able to judge the kind of soil, its consistence, depth, drainage, slope, erosion, and capability.

CROPS

These boys must be able to identify crop and weed seed, small grains, small and large legumes, corn, and grass seed.

LIVESTOCK

To make the livestock judging team, a boy must be able to judge dairy and beef cows and swine.

ORGANIZATIONS

Emilie Goad, Larry Lawhorne, and Vivian Cobb being measured for rings by Mr. Deck.

As neophyte citizens we get valuable training in citizenship by participating in various organizations in our school. We learn how to work effectively with others in the dual roles of leader and follower. We learn parliamentary procedure, get practice in public speaking, and become acquainted with responsibility and democratic processes.

The organizations at NCHS are not purposeless groups of students seeking only to pass the time away. At the beginning of the school year each club submits to the Student Cooperative Association a list of its aims and objectives for the coming year. At the end of the year the SCA awards the most outstanding club a loving cup in recognition of their accomplishments.

ACTIVITIES

The activities which we pursue often are motivated by our clubs. Each is a self-sustaining unit and it seems that every project requires money; therefore, you find us selling a bewildering variety of merchandise. This money is spent largely for the benefit of the school. Our flag, the dogwood, crape myrtle, and boxwood that beautify our grounds are only a few examples of student concern and care for our school.

TRAVELLING TEAM

This group of willing students began their job during the hot month of August. Selling advertisement space in the yearbook is not an easy task but one that is necessary. Without the efforts of this group of students, the yearbook would be much more expensive.

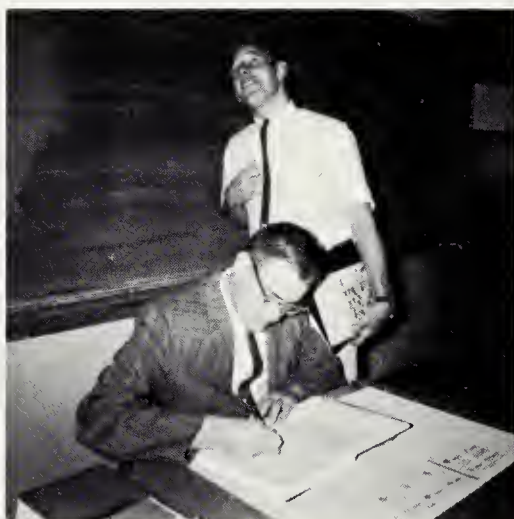

MOMENTS IN PRODUCING "THE GOVERNOR"

More than five hours preparation went into the scheduling of pictures for each of the three major picture-taking sessions. This advance planning paid off when the photographer said that most schools average 60 pictures a day but Nelson County High averaged 90 pictures per day.

David Crews's gadget bag and camera became a familiar sight around school.

Duck Napier explains to Mr. Davis just why it was he couldn't get back to class on time after having his picture made for the choral class.

The photographer walked into the teacher's lounge at an awkward moment. The lunch menu ranges from Metrecal to a cigarette.

Remember those hot, muggy days last summer when we went for ads for the annual. Janet Taylor and Shelvia Allen will surely remember them.

SCHOOL MARSHALS

The School Marshal organization was established during this school year to recognize those students who have demonstrated the important qualities of leadership and the ability to assume responsibility.

Membership in the Drama Club is dependent upon a satisfactory academic average, a desire to learn and develop skills in oral expression, and a sense of responsibility for commitments. Consequently, names may be dropped from and added to the club's roster throughout the school year.

The club's goals for the 1963-64 term included the production of several plays, participation in the District One-Act Play Festival in March, and workshop sessions in speech training and staging techniques.

"The Glorified Brat" was produced early in November, getting the club a successful start. (It featured Karen Crady, Janice Baker, Lee Walker, and Myrna Duval.)

FUTURE BUSINESS LEADERS OF AMERICA

The Future Business Leaders Association, which is better known as FBLA, was organized at Nelson County High School for the purpose of fostering leadership among the high school youth. Any tenth, eleventh, or twelfth grade Business student is invited to join the local chapter. By joining the local chapter, he automatically becomes a member of the State and National Association.

This year there are 30 active FBLA members at NCHS.

The FFA Chapter is an integral part of the agriculture class. It provides an opportunity to obtain training in leadership and personal development.

Farming is only one phase of agriculture. For every person engaged in farming three or four others are supplying goods and services needed to produce or process and market products. Farm-related occupations provide good income for skilled workers, ranging from mechanics to college-trained scientists who benefit from systematic instruction and practical experience obtained while studying vocational agriculture.

ACTIVITIES

The word "activities" covers a multitude of things. An activity may be classwork, assembly, ball game, club meeting, parade, or just a chat with a friend between classes.

On these pages we present the many facets of school life--the way we actually spend our time, especially that time outside the classroom at NCHS.

These moments are going to be of lasting importance in our lives. Friendships are made and broken. Many marriages in Nelson County have had and will have their beginnings in high school romances.

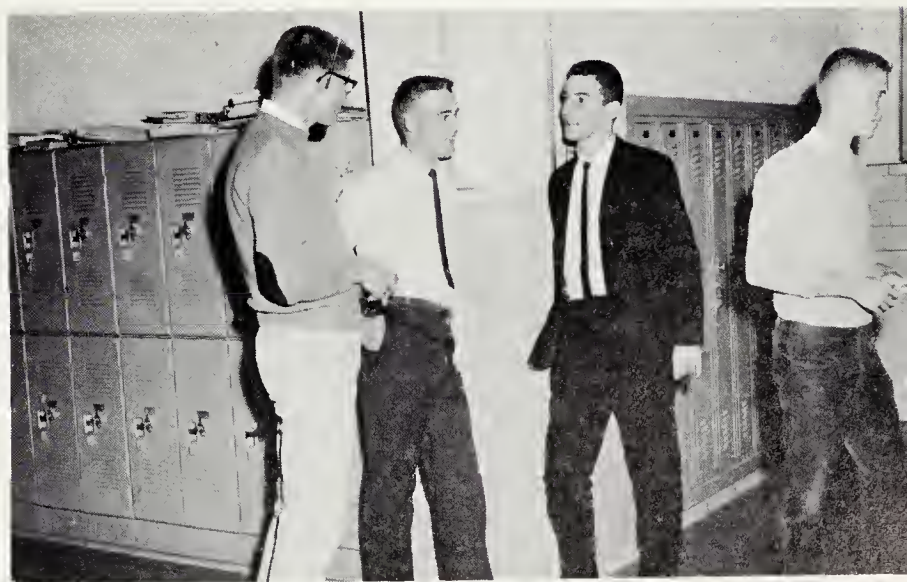

So cherish these moments, recorded by the camera, for they are part of the warp and woof of your life.

A familiar figure, Herb Babish, in an unfamiliar pose -- working.

FHA girls, Mary Goolsby, Elaine Miller and Marie Kidd, prepared this bulletin board for the fall FHA Rally.

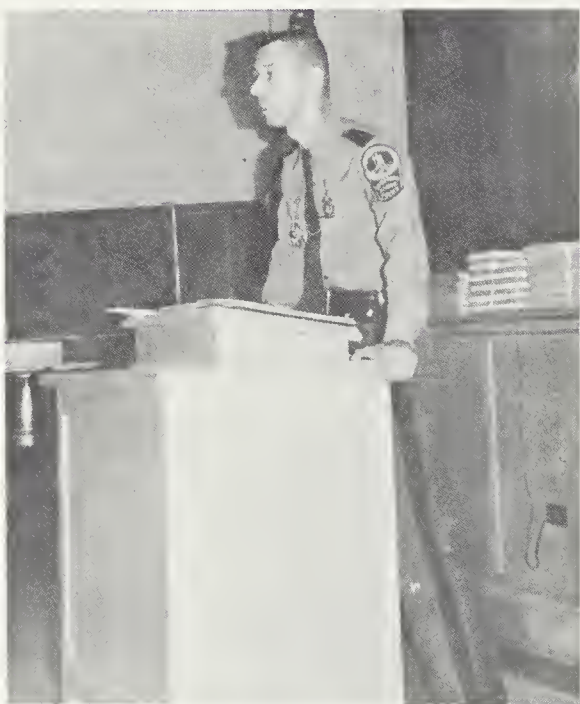

Don Giannini, George Knight, Roger Banton, and David Wright console each other over new sports regulations that forbid association with girls at school.

PLACES TO GO AND THINGS TO DO

Wherever we go, we go in haste.

We may be going to assembly to hear a talk on safety by Trooper Kauffman.

Or, we may be going to the office to measure for our class rings.

Perhaps, we are going to the Home Economics Department to hear Mrs. Margaret Dulaney talk about proper lighting when studying.

Maybe we're only catching a moment to study between classes as Judy Stevens is doing.

We may be hurrying to college night to talk about our future. Linda Cobb and Jean Miller did.

We may be learning the proper exercises from Mr. League.

We may just be having fun at a pep rally in the gym listening to the band perform.

We may be rushing to finish studying slides in Biology as Glenn Thompson and Charles Cash are.

Getting that last smoke before the buses leave!

HIGHLIGHTS OF THE YEAR

MUSIC

Band Director, Robert G. Sanger, and Student Director, Alice E. Bryant, look over music scores.

The history of the Nelson County High School Band has been a story of growth. From the original 19 member band nine years ago, the group has increased through the years to the present symphonic band size of 70 pieces.

With the growth of the organization in size, has also come a significant development in musical scope. The band now performs a wide variety of band literature, ranging from marches and football showtunes, to arrangements of music from the classical composers. From the original Grade "II & III" band, has developed a musical organization capable of performing Grade V music with a great deal of proficiency.

The Band now represents the high school and Nelson County in a wide variety of local and state-wide appearances.

Those connected with the Band are grateful to the Administration, local groups and organizations, and parents for the fine moral and financial support given through the years. This support is largely responsible for development of the Band to its present status.

CONCERT BAND

The concert band has a wide variety of activities during the school year. Besides the two annual concerts presented by the group, they play for assembly programs, parent-teacher conferences, and many such events. The highlight of the year for the concert band is their participation in the District Music Festival where they are rated according to the musical proficiency they have attained.

COUNTY HIGH SCHOOL

SPORTS

Coach Wayne Mahanes and Athletic Director Sherman League talk over the season's prospects with Coach C. M. Price.

Since the school opened in 1955 we feel that we have more than held our own in district competition, this being an eleven year school competing against schools in twelve-year system. We have won eleven trophies which is as many as any school in the district. Next year being the first year in the twelve-year system, we feel will be the "golden year" in athletics in Nelson County High School. It will put us on equal basis with other schools on a twelve-year system for the first time.

We would like to think that the athlete is a little better all-around student because of his training and the extra work and time that he spends after school.

We are looking forward with a lot of hope and enthusiasm to the future of athletics in Nelson County High School.

CHEERLEADERS

LEFT TO RIGHT: Vivian Cobb, Lynn Mitchell, Tanith Kilmartin, Joyce Thacker, Emilie Goad, Phoebe Ann Tucker, Carolyn Campbell, Donna Taylor.

Mrs. Huffer, sponsor; Betty Gardner, mascot, and Miss Androvich, sponsor.

Although this year's edition of the junior varsity has been defeated several times, anyone following the team closely has certainly seen exciting basketball. Four of the games have been decided by one point and three games have gone into overtime. The boys on this squad have worked very hard to improve their play, and with this type of desire and attitude should be an asset to our varsity teams in the coming years.

BASEBALL

It is difficult to make any predictions about the baseball season at this time as our crystal ball is broken. This is Coach Mahanes first year of working with these boys and his first year in this district.

The annual goes to press before Spring arrives and brings with it Spring fever, baseball fever, and fishing fever.

Whatever kind of year it may turn out to be we know that both the coach and the players will give their best efforts and in that sense it will be a successful year.

FEATURES

Jackie Bailey, Vivian Cobb, Karen Crady, Mike Davis, and Butch Chaplin talk over school events.

Beauty and popularity are hard to define. Not all beautiful people are popular and not all popular people are beautiful. It has been said "beauty is in the eye of the beholder" and there is no doubt of the truth of this statement. Although an exact definition of beauty eludes us, nevertheless, there are those special people in the world who are so radiant, friendly, and interesting that we find them irresistible.

In this section we pay tribute to beauty and popularity. May both be enhanced by the years!

HOMECOMING

Candidates for the homecoming queen are nominated by the varsity football team. Candidates for the homecoming king are nominated by the cheerleaders. Votes are one cent each with the proceeds going into the athletic fund.

King Carroll Wood
Queen Lyna Phillips

OTHER CANDIDATES FOR HOMECOMING KING AND QUEEN

FRONT ROW, left to right: Karen Crady, Janet Taylor, Donald Napier, Tanith Kilmartin, Randy Powell, Joyce Tinder. BACK ROW: Wendell Dodd, Lynn White, Kenneth Purvis, Alice E. Bryant, Gary Wade, Connie Patteson. George Knight was not present when the picture was made.

CANDIDATES FOR THE TITLES OF MR. NELSON COUNTY HIGH SCHOOL MISS NELSON COUNTY HIGH SCHOOL

Left to right: FIRST ROW--Jo Ann Johnson, Margaret Campbell, Charlotte Craig, Patricia White. SECOND ROW--Buddy Craig, Carroll Wood, Mike Davis. Wayne Simpson was absent when picture was taken.

This year the candidates for Mr. Nelson County High School and Miss Nelson County High School were chosen by the senior class. After the seniors chose the candidates, the entire school voted for the candidate of their choice. Since all the boys were handsome and all the girls were lovely, it was a difficult choice, but finally we made it.

FIRST FLOOR PLANS FOR NEW ADDITION TO SCHOOL

SECOND FLOOR PLANS

There's always a road to the hilltop,
A goal we can reach if we would;
There's our work that lies here before us
Let us do it and say it is good.

Edith Scott Magna

The annual staff of the 1964 "The Governor, Thos. Nelson, Jr." would like to thank the students, faculty, advertisers, and all others who helped make possible this annual. Without your help in time, money, and cooperation it would be impossible for us to publish this book. Each of us sincerely hopes you will enjoy and treasure this edition for many years.

We extend to the graduates our best wishes and look forward to being with the rest of you next year.

George and Steve

ADVERTISEMENTS

THE TRAVELLING TEAM

This annual would be impossible to publish if it weren't for the loyal support of our advertisers. Too often students look upon the advertising section as a place to write messages to their friends, and fail to realize the contribution of the advertisers to their school.

Please read these advertisements carefully. When you go into these places of business tell them that you saw their ad in the annual and you appreciate their support.

Extra special thanks go to the indefatigable members of the traveling team who braved blisters, and heat, and gave up some of their vacation time to solicit advertisements for the annual.

THE CENTRAL VIRGINIA ELECTRIC COOPERATIVE

Lovington, Virginia

Central Virginia Electric Cooperative Serves You By:

PROVIDING ELECTRIC SERVICE:

Central Virginia Electric Cooperative was organized in 1937 by the rural people of its 13 County Area to serve the electric needs of rural Central Virginia. Prior to 1937 less than 10% of the families had electric service. More than 97% of our area is now electrified and at a lower cost per KWH than in 1937.

SHARING THE TAX BURDEN:

As a public utility Central Virginia Electric Cooperative paid more than \$86,700.00 in state and local taxes in 1962.

CREATING JOBS:

Employs local people and trains them for permanent jobs locally. In addition to building and maintaining the distribution system most of the equipment is repaired locally providing more local jobs and doing the work at a savings.

STIMULATING ECONOMY:

Electric Service in rural areas has created a tremendous market for the many modern electric appliances and equipment. Electricity has played a major part in the increased productivity of the farmer. Electric service is available to industry locating in the area.

STRENGTHENING OUR FREE ENTERPRISE SYSTEM:

Under our competitive economy rural electric cooperatives serve you in two ways. First by serving the area at as low a cost as possible. Secondly, as long as rural electric cooperatives such as ours exist neither power monopolies nor socialized power is possible.

We salute the 1963-64 Class, many of whom will be listed among our owners.

THE MOON... *and beyond!*

Bright, new horizons await today's students . . . new technologies . . . new medicines . . . even the moon and whatever lies beyond.

How far today's students go in this space age depends partly on their imagination but primarily on their training. Conquering new horizons will demand more of today's graduates — more knowledge, more skills, more training and more specialization.

Our Free Enterprise system, with its high living standards, gives everyone an opportunity to "shoot for the moon" in any field. Whether or not our target is reached depends on how well trained we are to launch ourselves.
